and prices

NOTICE TO CUSTOMERS

I would say to those unacquainted with me that I was born and grew up in nursery work on my father's nursery and have been engaged in the nursery business all my life. After spending eight years in northern nurseries, I returned south and devoted my time and small capital to growing boxwood and evergreens, today I have millions of evergreens growing in one of the largest evergreen producing plants in the south.

Located in the Piedmont section of the State we have severe cold weather, but there is very seldom a week from September to May in which we can not dig and ship. You get your stock from me when you want it and when you must have it for results. I do not pack my stock in a cold storage or put it in a greenhouse to ship out during the winter months and early spring.

I dig your order right out of the ground where it is growing, puddle the roots at once, also puddle again before packing, wrap the roots in damp moss and over this wrap wax paper.

My packing is done in a cool damp cellar and I absolutely guarantee my stock to reach you in perfectly healthy condition.

I personally look after digging and packing each and every order. When you buy of me you get real service and good stock treated in the proper way.

A trial will convince you.

REFERENCE

As to my responsibility, I refer to any bank or business house in Greensboro, N. C., the commercial agencies and the leading nurserymen of the U. S.

TERMS AND CONDITIONS OF SALES

CREDITS will be extended only to those who have done satisfactory business in the past, or those having established financial ratings, or who can furnish satisfactory bank and financial references or security.

STRANGERS will be required to comply with the above, or send cash with order.

OUR LIABILITY AND GUARANTEE. We exercise the greatest care to keep our trees true to name, and hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, but it is mutually agreed between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price paid for trees. If goods are not accepted upon these conditions, they must be returned and money will be refunded.

TELEGRAPHIC ORDERS are usually filled the same day received.

CODE—Use Nurseryman's Telegraphic Code, published by the American Association of Nurserymen.

EVERGREENS

Abies, The Firs

ABIES NORDMANNIANA (Nordmann's Fir)

A pyramidal tree with small dense needles; dark green on surface with silvery tones on under side. The finest of all the Firs, very scarce.

	100	1000
2 yr. beds 2 in.-----	\$10.00	\$90.00
1 yr. -----	7.00	60.00

ABIES PECTINATA

Foliage dark green above, silvery white below. This makes up into a fine tree for lawn planting, growing to a height of 100 feet.

1 yr. -----	3.50	30.00
-------------	------	-------

Buxus, The Boxwood

BUXUS SEMPERVIRENS ARBORESCENS (Truetree Boxwood)

An evergreen shrub, with close-growing branches, covered with dark shining green foliage; stands pruning very well, thrives in almost any well-drained soil. It is a desirable plant for formal use.

4 yr. trans. 10-15 in. -----	35.00	300.00
4 yr. trans. 8-10 in. -----	20.00	175.00
4 yr. trans. 6-8 in. -----	18.00	150.00
3 yr. trans. 4-6 in. -----	12.00	100.00
2 yr. trans. 2-4 in. -----	8.00	75.00
2 yr. rooted cuttings 2-4 in. ----	6.00	50.00

BUXUS SEMPERVIRENS SUFFRUTICOSA (Truedwarf Boxwood)

This is the variety so extensively used in the old-time gardens for edging walks and beds. It is of very slow growth, and its ultimate height is from 4 to 5 feet. The plants should be set from 3 to 4 inches apart. We offer a superb lot of home-grown plants.

2 yr. trans. 4-6 in.-----	12.00	100.00
2 yr. trans. 2-4 in. -----	8.00	75.00

Waxahachie, Tex.

January 25, 1928.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Sir:-

In this connection we want to say you sure know how to pack stuff. This shipment arrived in the best condition we have ever received from any grower of lining out stock. Also the stock you sent us all looked very nice.

Portland, Ore.

March 16, 1928.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Sir:-

Your shipment to hand, and upon unpacking, we find them to be in first-class condition.

We are quite pleased with them, as we did not think they could stand the distance of transportation as well as they did.

Hempstead, N. Y.

May 4, 1928.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

Your packing method is certainly all that you claim for it and the plants came through in splendid condition.

Robert C. Young - - Greensboro, N. C.

Cedrus, The Cedars

CEDRUS ATLANTICA (Atlas Cedar)

A large majestic pyramidal tree with silvery green foliage.

	100	1000
2 yr. trans. 4-6 in.-----	\$16.00	\$150.00
2 yr. 8-10 in. -----	21.00	200.00
2 yr. 6-8 in. -----	18.00	175.00
1 yr. 2-4 in. -----	8.00	75.00

CEDRUS DEODARA (Deodar)

Feathery artistic blue foliage considered most beautiful ornamental cedar for the Atlantic, Southern and Pacific Coast States. Deodar is a Hindu word, meaning Tree of the Gods. Almost unrivalled in the grandeur of its pendulous and lithe branches.

2 yr. trans. 6-8 in. -----	21.00	200.00
----------------------------	-------	--------

CEDRUS LIBANI (Cedar of Lebanon)

When small the tree is of conical regularly shaped outline with wide spreading branches, but as the tree increases in age it assumes a round open head, a change from the beautiful to the picturesque. Aside from its ornamental value it is of peculiar interest for its scriptural and historical associations. It is said to be the most hardy of the Cedrus family.

2 yr. trans. 6-8 in. -----	18.00	
2 yr. beds 6-8 in. -----	15.00	125.00
1 yr. beds 2-4 in. -----	9.00	80.00

Chamaecyparis, The Cypress and Retinosporas

CHAMAECYPARIS LAWSONIANA (Lawson Cypress)

A graceful plant of medium height, erect growth, broad at base, tapering to point at tips, branches reflex with glaucous tips, under the surface of leaves silvery, upper surface dark green. Prefers dry, well drained situations. Ultimate height 10 to 15 feet.

2 yr. 10-12 in. -----	25.00	225.00
2 yr. trans. 8-10 in. -----	21.00	200.00
2 yr. 8-10 in. -----	18.00	175.00
1 yr. 2-4 in. -----	9.00	80.00

Hempstead, N. Y.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

May 29, 1928.

My most humble apologies for not having acknowledged the additional box bushes.

These came through in good shape and I was afraid a mistake had been made in view of the generosity with which you had replaced the missing plants. However, it is merely a further indication of the good measure method in which some of our representative nurserymen specialize.

With kind regards and wish renewed thanks, I am

Nashville, Tenn.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

November 5, 1927

The evergreens arrived in fine condition, packing is wonderful,

CHAMAECYPARIS OBTUSA (Hinoki Cypress)

A slender rapid growing plant, rather open in habit, with cupped foliage of a dark green color; usually of medium height, sometimes attaining a height of 18 feet. Prefers a rather fertile soil.

	100	1000
2 yr. trans. 4-6 in. -----	16.00	150.00
2 yr. beds 8-10 in. -----	16.00	150.00
2 yr. beds 6-8 in. -----	12.00	100.00
1 yr. beds 2-4 in. -----	5.00	40.00

**CHAMAECYPARIS PISIFERA
(Sawara Retinospora)**

Foliage bright-green somewhat pendulous. This is a very valuable and hardy form, and is not commonly grown.

2 yr. beds 6-8 in. -----	14.00	125.00
2 yr. beds 4-6 in. -----	10.00	90.00

CRYPTOMERIA

**CRYPTOMERIA JAPONICA
(Common Cryptomeria)**

A great favorite in Japan, attains a height of 100 or more feet. Of graceful and rapid growth. Regular, pyramidal habit, the foliage somewhat resembles that of the Norfolk Island Pine; hardy in New England in sheltered position.

2 yr. 6-8 in. -----	10.00	80.00
2 yr. 4-6 in. -----	7.00	60.00
1 yr. 2-4 in. -----	5.00	40.00

Cupressus, the Cypress

CUPRESSUS ARIZONICA (Arizona Cypress)

Attractive for its silvery blue color, grown from seed. Beautiful blue or glaucous pyramidal tree, horizontal branching, dense foliage. Attains 40 feet, making perfectly shaped specimen.

2 yr. 6-8 in. -----	7.00	60.00
2 yr. 4-6 in. -----	6.00	50.00
1 yr. 4-6 in. -----	5.00	40.00

CUPRESSUS SEMPERVIRENS (Italian Cypress)

This is a tall, slender evergreen, straight and columnar. Its dark green shaft rising above other shrubbery, gives a varied sky line. It is equally at home in small grounds or large ones, with the cottage or the larger house. During a long life, it reaches great height. This is the tree which so many American tourists in Italy become enthusiastic about.

2 yr. beds 4-6 in. -----	7.00	60.00
--------------------------	------	-------

Philadelphia, Pa.
Mr. Robert C. Young,
Greensboro, N. C.

October 18, 1927.

Dear Mr. Young:-

The stock came in beautiful shape to us, in fact it was the best packed young evergreens we have ever received.

Euonymus

EUONYMUS BUNGEANUS (Winterberry Euonymus)

	100	1000
1 yr. 4-6 in. -----	\$7.00	

EUONYMUS JAPONICA (Evergreen B.)

Leaves dark, shining green. A fine plant for the lawn. Succeeds in almost any situation.

2 yr. trans. 6-8 in. -----	17.00	150.00
----------------------------	-------	--------

EUONYMUS SIEBOLDIANA

1 yr. 4-6 in. -----	7.00	
---------------------	------	--

Juniperus

JUNIPERUS SCOPULORUM

1 yr. 2-4 in. -----	16.00	150.00
---------------------	-------	--------

JUNIPERUS SABINA FASTIGIATA (Column Savin)

A dwarf, trailing variety. Very desirable and suitable for rock work.

2 yr. trans. 4-6 in. -----	16.00	150.00
----------------------------	-------	--------

JUNIPERUS VIRGINIANA (Red Cedar)

An attractive, well known tree. Pyramidal shape, very hardy. Covered with silvery blue berries in season. Good in background or for shade. Can be kept low by occasional shearing and makes a beautiful shrub in a foundation or general planting.

1 yr. 4-6 in. -----	9.00	80.00
---------------------	------	-------

Larix, The Larch

LARIX DAHURICA (Dahurian Larch)

Rare rapid-growing species from Eastern Siberia; up to 80 feet.

2 yr. 4-6 in. -----	12.00	100.00
1 yr. -----	8.00	75.00

LARIX EUROPAEA (European Larch)

Large tree of fine pyramidal growth.

2 yr. 6-8 in. -----	10.00	90.00
---------------------	-------	-------

Southampton, N. Y.

November 10, 1927.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

Upon examination of the *Picea Excelsa* which you recently shipped to us, I note, with much pleasure, the extra size of the majority of these plants to which you called our attention in your letter of the 2nd.

We are, of course, very much pleased with them and at any future time when we are in the market, we shall be very happy to give you an opportunity to serve us.

Baltimore, Md.

May 28, 1928.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

The last shipment of little evergreens came in and they look very nice. The writer saw some of the stock we received from you yesterday and which had been planted out and it certainly did look fine, and we are looking for good results.

LARIX LEPTOLEPIS (Japanese Larch)

Tree to 80 feet high and very handsome as a lawn specimen.

	100	1000
2 yr. 4-6 in. -----	12.00	100.00
1 yr. -----	9.00	75.00

LARIX OCCIDENTALIS (Western Larch)

Horizontal branches forming a narrow pyradimal head; leaves pale green.

1 yr. -----	8.00	75.00
-------------	------	-------

Ligustrum, The Privets

LIGUSTRUM JAPONICUM (Japanese Privet)

A very handsome broad-leaved variety with large, dark-green leaves.

Flowers produced in panicles followed by purple berries which are retained during the winter, giving the plant a very pleasing appearance. This plant can be grown into a small tree, can also be trimmed into pyramidal, standard or other forms. Ultimate height, 20 to 30 feet.

2 yr. beds 6-8 in. -----	8.00	75.00
2 yr. beds 4-6 in. -----	6.00	50.00

LIGUSTRUM JAPONICUM AUREA (from seed)

A large shrub similar in habit to Ligustrum Japonicum, but with leaves deeply margined with golden yellow. Very attractive in plantings used in combination with green and silvery leaved forms. Ultimate height 8 to 10 feet.

2 yr. 8-10 in. -----	8.00	75.00
----------------------	------	-------

LIGUSTRUM LUCIDUM (Glossy Privet)

A beautiful form of Japanese Privet. Leaves large, thick, ovate, lanceolate of a very dark shining green. Large heads of white flowers produced in May, followed by black berries, which are retained throughout the winter. Hardy at Baltimore. A most desirable variety. Attains a height of 20 feet.

2 yr. 4-6 in. -----	7.00	60.00
1 yr. 2-4 in. -----	5.00	40.00

LIGUSTRUM NEPALENSE (Nepal Privet)

Medium size, dark green, glossy leaves; uniform, compact spreading growth. A very attractive plant, essential to landscape planting in masses, banking or groups. Fills space between tall, rank growing shrubs and the very low growing types.

2 yr. 8-10 in. -----	\$9.00	\$80.00
2 yr. 6-8 in. -----	7.00	60.00
1 yr. 2-4 in. -----	5.00	40.00

Montgomery, Ala.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

November 9, 1927.

The stock arrived Saturday in fine shape, everything checked and stock is as fine as I ever saw. Your plants are the finest I have seen, and only wish I could get more of them at the prices. Hope to give you another order in a few days.

Thank you for your co-operation.

Nandina

NANDINA DOMESTICA (Nandina)

The delicate foliage of the Nandina is a brilliant dash of gorgeous orange red or crimson color in winter. It is dense and stocky, being one of the dwarfish plants of Japanese gardens. The leaves are rich red when young, dark green at maturity, and boldly colored in winter. Nandina thrives well in any well drained, loamy soil, and is fairly hardy. In autumn it is covered with snowy clusters of small red berries. This plant is one of the three plants most used in the better class of landscape work.

	100	1000
2 yr. trans. 4-6 in. -----	20.00	175.00
2 yr. 6-8 in. -----	17.00	150.00
2 yr. 4-6 in. -----	12.00	110.00
1 yr. 2-4 in. -----	8.00	75.00

Picea, The Spruces

PICEA ALBA

Described by Bailey, the eminent horticulturist, as "A native of the Northern part of America." Derives the name White Spruce due to its light frosty green foliage, slightly tinged with blue.

1 yr. -----	5.00	40.00
-------------	------	-------

PICEA EXCELSA (Norway Spruce)

For many years Norway Spruce has been highly appreciated because of its rapid growth, its thriftiness, and its heavy masses of deep green foliage. Some of the finest old hedges are of Norway Spruce, as the trees can readily be pruned to any desired height. On farms and around homes all over the country Norway Spruce windbreaks are giving substantial protection to stock and buildings. Norway Spruce is a tall, picturesque, and hardy tree, graceful in all its lines, and well adapted to planting over a wide range of territory.

4 yr. twice trans. 8-10 in. -----	12.00	100.00
4 yr. twice trans. 6-8 in. -----	10.00	90.00
2 yr. trans. 4-6 in. -----	8.50	75.00
2 yr. beds 4-6 in. -----	5.00	40.00
1 yr. 2-4 in. -----	3.00	25.00

PICEA ORIENTALIS (Oriental Spruce)

Tree to 120 feet with ascending and spreading branches and somewhat pendulous branchlets; young branches brown, pubescent; leaves thick, obtuse, dark green and shining, crowded and more or less appressed to the branches. Very scarce.

2 yr. beds 2-4 in. -----	10.00	90.00
--------------------------	-------	-------

Macon, Ga.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

November 28, 1927.

We received the plants today that you shipped last Friday and must say that you need not make any offer of five hundred dollars for a better method of packing than you have as it cannot be beat. Plants was fine.

PICEA PUNGENS (Colorado Spruce)

Tree 80 to 100 feet or more.
Handsome tree of symmetrical habit
with light colored foliage. Very
popular as a lawn tree and for dry
climates. One of the best of all
Spruces.

	100	1000
3 yr. trans. 4-6 in. -----	14.00	120.00
2 yr. beds 4-6 in. -----	9.00	80.00
2 yr. beds 2-4 in. -----	7.00	60.00

Pinus, The Pines

PINUS AUSTRIACA (Austrian Pine)

Has rich, glossy, dark green foliage. Well adapted for planting in cities, as it is highly resistant to smoke. A fast growing dense tree of wonderful adaptability.

2 yr. 4-6 in. -----	7.00	60.00
1 yr. -----	5.00	40.00

PINUS DENSIFLORA (Japanese Red Pine)

Tree to 100 feet tall, in cultivation much less. Handsome ornamental Japanese Pine of rapid growth when young, very picturesque when older.

1 yr. -----	3.00	25.00
-------------	------	-------

PINUS MONTANA (Swiss Mountain Pine)

Very variable in habit; usually low, often prostrate shrub, sometimes pyramidal tree to 40 feet tall. Usually handsome low shrub with bright green foliage.

2 yr. beds 2-4 in. -----	5.00	40.00
--------------------------	------	-------

PINUS MONTANA MUGHUS

Perhaps the most useful of the dwarf Pines for foundations planting. Very shrubby and low.

2 yr. 2-4 in. -----	5.00	40.00
---------------------	------	-------

PINUS MUGHUS (Mugho Pine)

Most interesting evergreen forming a compact and symmetrical dome of bright green foliage; needles are sharp and a rich green color. Succeeds in any soil, and is invaluable for planting in a dry rocky location.

2 yr. 4 in. -----	7.00	60.00
2 yr. 2-4 in. -----	5.00	40.00

Norfolk, Va.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

November 12, 1927.

Please forward by express my Fall order for evergreens.
Thanking you in advance for the service and excellent packing that always accompanies your shipments, I am

Raleigh, N. C.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

April 30, 1928.

The Nandinas that we got from you in the winter are beautiful. They have more than doubled in size already and 100 per cent of them lived.

PINUS PINASTER (Cluster Pine)

Tree to 100 feet, with spreading or sometimes pendulous branches forming a pyramidal head; branchlets bright reddish brown; buds oblong-oval brown, not resinous; leaves stiff, acute, usually twisted, glossy green.

	100	1000
2 yr. 10-12 in. -----	7.00	60.00

PINUS PINEA (Italian Stone Pine)

Compact and symmetrical when young, and picturesque when older, with a broad parasol-like head. Hardy only in California and the South.

2 yr. 2-4 in. -----	6.00	50.00
---------------------	------	-------

PINUS PONDEROSA (Western Yellow Pine)

Tree occasionally to 100 feet tall, probably 50 to 75 feet in cultivation. Important timber tree somewhat resembling Austrian Pine. Very fine ornamental.

2 yr. beds 2-4 in. -----	5.00	40.00
--------------------------	------	-------

Thuja, The Arborvitae

THUJA OCCIDENTALIS (American Arbor-Vitae)

The American Arbor-vitae is the mother tree from which upward of fifty distinct types have been developed. The native forests of Arbor-vitae have long been of great commercial value for timber, producing tall, straight trunks much used for telegraph poles. The Arbor-vitae is very hardy and dependable in almost any situation. Stands trimming well, and for this reason is widely used for hedge purposes. It usually grows bushy at the bottom and tapering toward the top. Foliage is very soft and flexible and of fine deep green color.

4 yr. trans. 8-10 in. -----	\$15.00	
2 yr. 2-4 in. -----	5.00	40.00
1 yr. -----	4.00	30.00

Rockville, Md.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

April 25, 1928.

I desire to sincerely thank you for shipment of extra plants, just received in splendid condition. You have certainly been most liberal and generous in sending them.

Thaking you for your attention, I remain.

Haymakertown, Va.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

April 26, 1928.

You will please find check enclosed in payment on balance due you for plants. I have had fine luck with all the plants you sent me. Have not lost a single plant. You certainly know your business when it comes to shipping plants.

Bridgeton, N. C.
Mr. Robert C. Young,
Greensboro, N. C.
Dear Mr. Young:-

November 7, 1927.

My order was received Friday morning, and if they do not live and grow, I can't say it was because it was poor stock and improperly packed. Thank you for sending such nice stock and the way you shipped it.

Robert C. Young - - Greensboro, N. C.

THUJA ORIENTALIS (Oriental Arbor-Vitae)

A comparatively low, broadly pyramidal tree, native of Asia. Its color is a refreshing yellowish green similar to Hovey's, although dulling to bronzy green in winter. Very rapid grower.

	100	1000
3 yr. trans. 8-10 in. -----	12.00	100.00
3 yr. trans. 6-8 in. -----	10.00	90.00
2 yr. trans. 4-6 in. -----	8.00	75.00
2 yr. beds 6-8 in. -----	6.00	50.00
1 yr. beds 4-6 in. -----	4.00	30.00

THUJA ORIENTALIS COMPACTA

A compact, dwarf conifer with green foliage. Excellent for lawns and for urns. Neat and attractive.

2 yr. beds 4-6 in. -----	6.00	50.00
--------------------------	------	-------

Tsuga, Hemlock

TSUGA DIVERSIFOLIA (Japanese Hemlock)

2 yr. 2 in. -----	6.00	50.00
-------------------	------	-------

Taxus

TAXUS CUSPIDATA (Japanese Yew)

A very hardy and desirable variety of Taxus foliage somewhat broader than that of the English Yew. This is the spreading form of Japanese Yew.

1 yr. -----	12.00	100.00
-------------	-------	--------

Ulex

ULEX EUROPAEUS (Common Gorse)

Ornamental evergreen plant. Grown for their handsome yellow flowers. Has dark green spiny branches. Valuable for covering dry sandy banks, also well suited for sea-side planting.

1 yr. 4-6 in. -----	5.00	
---------------------	------	--

Ulmus

ULMUS PUMILA (Dwarf Asiatic Elm)

2 yr. 6-8 in. -----	5.00	40.00
2 yr. 8-10 in. -----	7.00	60.00

Clinton, Md.

May 4, 1928.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

The shipment of 2,000 Norway Spruce 8-12 inches arrived in fine shape. The plants are all you claim for them. I had intended to plant a great many this spring but find now that I'll not be able to handle more than 5,000 more. I sent you a telegram this morning to ship me that amount by express.

Nashville, Tenn.

November 27, 1927.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

The evergreens that you shipped me under date of November 18th, arrived in perfect condition and I do not know just how to thank you for your kindness.

SHRUBS AND TREES

ACER PALMATUM ATROPURPUREUM (Genuine Red Maple)

Grown from seed collected from grafted trees. Seedlings are selected and are guaranteed to be red. A bargain. (No discount from these prices)

	100	1000
2 yr. 6-8 in. -----	40.00	300.00
2 yr. 4-6 in. -----	30.00	250.00

ACER PALMATUM (Japanese Maple)

This species and *Acer Japonicum* are known as Japanese maples. They are extremely handsome shrubs of dense though graceful habit, and with elegant foliage, beautiful especially in spring for its delicate shades of green and red, and again in autumn when the leaves assume the most striking tints. Largely used for grafting stock for the many Japanese varieties.

2 yr. beds 6-8 in. -----	15.00	130.00
2 yr. beds 4-6 in. -----	12.00	100.00
1 yr. 3-4 in. -----	7.00	60.00

AUCUBA JAPONICA (Gold Dust) (Japanese Aucuba)

2 yr. 4-6 in. -----	40.00
---------------------	-------

BUDDLEIA (Butterflybush)

Very effective with gray-green foliage and deep lilac flowers. Likes sun. June-September.

2 yr. trans. fields 4-6 in. -----	10.00	80.00
-----------------------------------	-------	-------

CRATAEGUS PYRACANTHA COCCINEA

A beautiful sub-variety of evergreen burning bush. Very effective and desirable. In early spring the plant is covered with a profusion of white flowers, which are followed by bright orange berries, these being retained during the entire winter.

2 yr. 4-6 in. -----	6.00	45.00
---------------------	------	-------

CRATAEGUS PYRACANTHA CRENULATA

2 yr. beds 6-12 in. -----	20.00
---------------------------	-------

CRATAEGUS PYRACANTHA LALANDI

Sometimes called "Burning Bush." An evergreen shrub of spreading habit; foliage a rich dark glossy green; clusters of white flowers in the spring are followed by a wealth of orange-colored berries, which remain on the plant all winter.

2 yr. beds 4-6 in. -----	9.00	75.00
--------------------------	------	-------

CYDONIA JAPONICA (Flowering Quince)

2 yr. beds 6-12 in. -----	20.00
---------------------------	-------

Norfolk, Va.

November 3, 1927.

Mr. Robert C. Young,
Greensboro, N. C.

Dear Mr. Young:-

We are enclosing herewith our check covering balance due on plants. We wish to thank you very much for your kindness in the matter and also express to you our entire satisfaction with all plants as our nurseryman has reported to us that it is one of the finest lots that he has seen for some time.

PHOTINIA SERRULATA (Low Photinia)

A shrub with large shining foliage which frequently colors crimson and bronze in winter. White flowers produced in large trusses followed by red berries. In spring the young growths are a delicate shade of light green which in contact with the darker foliage, gives a very beautiful effect. Ultimate height 5 to 12 feet. Prefers well drained, fertile soil and some sun, although does fairly well in shade. A very valuable and scarce plant. Do not fail to add this fine plant to your collection.

	100	1000
2 yr. beds 6-8 in. -----	10.00	80.00
2 yr. beds 4-6 in. -----	8.00	65.00
2 yr. beds 2-4 in. -----	6.00	50.00
1 yr. -----	5.00	40.00

PHOTINIA VILLOSA

Of varying height but normally medium, liberally set with small corymbs of white flowers in June. The foliage is gorgeously red in the fall; and the bird-proof fruit-clusters carry the same scarlet gleam half through winter.

2 yr. beds 6-8 in. -----	7.00	60.00
--------------------------	------	-------

SYRINGA VULGARIS ALBA

The old fashioned White Lilac, blooming in early spring; very fragrant.

2 yr. beds 4-6 in. -----	6.00	50.00
--------------------------	------	-------

TAXODIUM DISTICHUM (Common Bald-Cypress)

A tall pyramidal tree; grown for their graceful feathery foliage which is light green in color.

1 yr. 8-10 in. -----	10.00	90.00
----------------------	-------	-------

REGALE LILY

LILIUM REGALE (Regale Lily)

"One of the most beautiful of all known lilies. The exquisite blending of tints and colors forming a charming contrast with the rich, deep green foliage. Highly recommended for general culture, both for pot and the open ground. Strong growing and permanent as far north as Boston." (Bailey).

"L. Regale came to us from China. With its large flowers, white overlaid with pink and with a yellow throat, it is one of the most stately of all. Treated like L. Speciosum rubrum of L. Aurum, it appears to be as hardy as either and a most welcome addition to what we already have. It can be grown and flowered in pots."

2 yr. bulbs trans. -----	25.00	200.00
--------------------------	-------	--------
